ABOUT JUST DESSERTS

Over the past 13 years, **JUST COMMUNITIES** has ensured that Central Coast schools, organizations, and communities are places of opportunity, not places of limitation. Our organization works to facilitate dialogue, empower future leaders, and create social change with families, teachers, students and organizations.

JUST DESSERTS is a celebration for us to share what a thriving diverse community can look like. During this event our guests will be able to meet some of our program participants and assist Just Communities in honoring local activists. Guests will also get to know the folks behind the scenes that help make our programs so successful including our Board of Directors, Executive Director, wonderful staff and talented volunteers.

The event will include **live music**, **delicious foods**, **beverages** and **local wines**. Please take this opportunity to join our many partners, sponsors and allies to celebrate and learn more about Just Communities Central Coast.

WHAT'S NEW THIS YEAR?

- New Venue! Playing host to Just Desserts will be the **SANTA BARBARA ART FOUNDRY**, the newest and hippest art gallery in the Funk Zone.
- Plenty of program graduates on hand to share their stories of transformation through Just Communities programs
- Live music
- Food from new vendors
- Get your dancing shoes on!
